No matter who, what, how, when, or where is wrong with our country, it will never be corrected as long as we tolerate the unconstitutional breach that occurs when a lawyer, who is already a member of our **JUDICIAL SYSTEM** when takes his oath to obtain “a license”; runs for a legislative office either local or state, or national and wins. He then becomes a member of our **LEGISLATIVE SYSTEM**, thus circumventing our constitutional guarantee of **“A SEPARATION OF GOVERNMENTAL POWERS: THE LEGISLATIVE - THE EXECUTIVE - THE JUDICIAL!”**

He then writes both the Civil & Criminal Codes under which he practices, sets his own salary, retirement benefits, perks, etc.

We cannot correct this breach by court action as they control the courts and will/and do table any law suit filed to correct this injustice!

**WE MUST NOT VOTE FOR LEGISLATIVE LAWYERS!**
