### Galatians 4:16,

*"Am I therefore become your enemy, because I tell you the TRUTH?"*

This verse is dealt with in the following quotation from the book, "A Commentary on St. Paul's Epistle to the Galatians," by MARTIN LUTHER in 1531 A. D.

"Paul's reason for praising the Galatians is to avoid giving them the impression as if he were their enemy because he had reprimanded them. A true friend will admonish his erring brother (and if he) has any sense at all he will thank his friend. In the world truth produces hatred. Whoever speaks the truth is counted the enemy. But among friends it is not so, much less among Christians. The Apostle wants his Galatians to know that just because he had told them the truth they were not to think that he dislikes them. 'I told you the truth because I love you.'"

It was his favorite among all the Biblical books, In his talks he stated, "The Epistle to the Galatians is my Epistle. I am as it were, in wedlock."

As true as Martin Luther's words were in commenting on the above scripture, I get a different, or additional "take" on them because I apply race to them. You see, God chose a RACE of people named ISRAEL (NOT JEWS), "the seed of JACOB", and not a RELIGION. My calling, is different from that of MARTIN LUTHER, the "GREAT REFORMER." I am a "HUNTER" as well as an "EXHORTER." I am called to help "LOST ISRAEL" find their identity! Therefore, the word GALATIA, or GALATIANS is as interesting to me as is the scripture!

Remember, in the Hebrew language of our Bible, you write the consonants and speak the vowels! VOWELS ARE FOR SPEAKING - THEY ARE ONLY SOUNDS!

Therefore, we take out the vowel "A" from "GAL-atians" and we have "G" and "L". GL then, is the "root" word, and we can't pronounce it! We then arbitrarily put the VOWEL SOUND "Aaaa" in between the two letters, and we have the word "GAL" or an "O", and we have "GOL" or an "E" sound, and we have "GEL", etc.

For this exercise then, we will apply the "A" SOUND only. Contemporary historians have already done some of our work for us. They are all in accord with the fact that the "GAULS" of FRANCE, are the "GALATIANS" of ASIA MINOR! They freely admit that they are the same people. Therefore, we need only to find the "ROOT" word in common use in some adjacent country, and we will find some relatives of the WHITE ISRAEL RACE - and of course, they will most certainly be OUR RELATIVES TOO!

The country which forms the southern boundary with FRANCE, is SPAIN, and it is a peninsula, and on the old maps is called the "IBERIAN PENINSULA. "We certainly know that this is a "Proof

of Israel” because we know that IBERIA, is the “HEBREW WORD FOR HEBREW - AND IS THE SAME IN THE CELTIC LANGUAGE! Since we learned that GAUL IS A ROMAN WORD GIVEN TO THE CELTS, and that they had previously lived in SPAIN, and were known as “IBERIANS, we now know that they were ISRAELITES, because of the fact that according to GOD’S WORD, ISRAEL LOST ITS IDENTITY, AND THE JEWS DID NOT!

We also know that the Celtic-Iberian people were WHITE, because they became in later times known as the IRISH, SCOTS, DANES, etc.

In conclusion, let us go to Strong’s Exhaustive Concordance of the Holy Bible and find what the HEBREW DEFINITION of the word “GAUL, or GL means:

#1053 Beyth Shemesh - from #104, and 8121. house, a place in Palestine.

#1054 Beyth Tappawach, from 1004, and #8598, a house, a family. . .

#1004 bayith, a house (in the greatest var. of applications, esp. family, etc.)

By applying the definition of the word GAUL, or GL, (the three given above), we now have a family (relatives) described as “A HOUSE” - ie “THE HOUSE OF JACOB, or THE HOUSE OF ISRAEL.” Therefore the GAULS were ISRAELITES OF THE HOUSE OF JACOB.

Some of the words derived from the Hebrew root word GL, and found in use in ISRAEL COUNTRIES today are: (World Atlas, 1958, Rand Mc.)

So we find here that the ISRAEL TRIBE OF DAN, most certainly has "left his mark" with the help of members from the other tribes of ISRAEL. It is of interest also, to note that these names are principally found in countries whose family name ends with "ISH", the Hebrew word for "man", i.e. English, Scottish, Irish, Polish, etc.
